MobileAria Sales Order Activation Form

Instructions

(Please follow the instructions below for completing the form)

Note: This form requires that Excel macros be enabled. To enable macros, go to Tools --> Macro --> Security --> Medium. Then close and reopen Excel and you will be prompted to enable macros.

1. This form will allow MobileAria to create your company fleet portal on our secure website.
2. The fleet portal will be completed in two weeks or less after this form is submitted. The portal can be accessed by logging onto the customer login section at www.mobilearia.com
3. Please complete a sheet for each region. You can insert a new sheet and copy the template from the region information sheet onto new sheet.
4. Vehicle, Driver and Web User forms contain the required fields only. Additional information needs to be updated at the portal. Refer to MobileAria online web user guide for accessing vehicle, driver and web users sections on the portal.
5. Passwords for the Web Users section do not have to be assigned at this time - MobileAria will assign the initial passwords and the users will be prompted to change them when they first log in.
6. The Drivers' PINs, which let them log-in to the TruckPC, should be assigned by the person completing this form. If they are not assigned, MobileAria will assign one. If your group uses FuelMan, other Airgas groups use that same PIN number.
7. If there are any issues in filling out the form, please contact your MobileAria sales representative or call MobileAria customer support at 800-781-8838
8. You can submit the form electronically to your MobileAria sales representative or to ealcoff@mobilearia.com
